

4Q Innovation Leadership Coaching

Breakthrough Innovations result from 4.0 Development in all 4 Quadrants

“The most essential leadership capacity for our time is the ability to collectively shape our future”
(Joseph Jaworski)

Great challenges or breakthrough innovations succeed if the persons involved get in touch with each other, with the topic and their intuition.

4 Perspectives on Innovation

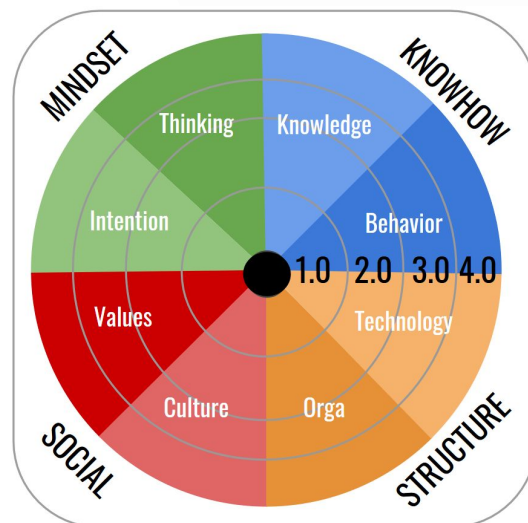

- I. Mindset Innovation
- II. Know How Innovation
- III. Social Innovation
- IV. Structural Innovation

quadrants

4 Levels of Development

- 1.0 Old fashioned
- 2.0 State-of-the-art
- 3.0 Leading edge
- 4.0 Breakthrough

level

4Q Innovation Leadership Coaching

Our coachings addresses all 4 perspectives of Innovation and focuses on 4.0 Development. This means, were the rational mind is not able to solve an issue anymore, a widened individual state of consciousness result in answers and new insights for complex problems and questions. This coaching setup is designed for one-to-one and small group sessions. Quick fixes will need a different format. The preferred language is German.
